### HOW WE IMPACT THE

#### **✓** Youth In Crisis

We work alongside both the justice and foster care systems, as well as local schools, allowing us to meet the youth's most immediate needs, which range from housing and employment to academic development and domestic skill-set building. We help these youth on their journey toward self-sufficiency.

#### ✓ Vulnerable Families

Our Family Programs were created to aid families in securing the foundations of positive relationships. We help to secure employment opportunities, navigate educational obstacles, and hone individual life skills to facilitate their journey to self-sufficiency.

#### ✓ Shelter

In Fall 2024, we will be operating NoCO's first regional Youth Shelter in Loveland, CO. The shelter allows us to house homeless youth to help them to receive the security and resources they need to move forward with their lives.
